

PLAN: EAGLE

ENGINE COMPONENTS (Gasoline): All internal engine parts including, but not limited to: cam bearings, camshaft, connecting rod bearings, connecting rods, crankshaft, crankshaft bearings, cylinder head, eccentric shaft, engine block, exhaust manifolds, followers, intake manifold, main bearings, oil pan, oil pump, pistons, piston pins, piston rings, push rods, rocker arms, rocker bushings, rocker shafts, tappets, timing cover, timing chain, timing gear, valve covers, valve guides, valve lifters, valve seats, valve spring retainers, valve springs and the valves. External Engine Parts: belt tensioners, dipstick, dipstick tube, engine cushions, engine mounts, engine water pump, flywheel/flexplate, flywheel ring gear, harmonic balancers and the pulleys. Diesel Engine: All of the above parts and cylinder sleeves/liners, fuel heater, fuel injectors, intercooler/charged air cooler, lift pump, mechanical fuel injection pump, transfer pump and the vacuum pump. Turbocharger: bearings, bushings, impellers, impeller shaft, turbocharger housing and the waste gate.

AUTOMATIC TRANSMISSION COMPONENTS: All internal automatic transmission parts including, but not limited to: bands, bearings, clutch drum, clutch plates, counter shaft, front pump, gears, input shaft, internal linkage, internal trans axle seal, main shaft, oil pan, one way clutch, reaction shaft, solenoids, torque converter, transmission case, and the valve body. External Automatic Transmission Parts: dipstick, dipstick/oil fill tube, oil cooler, oil cooler lines, transmission mounts and the vacuum modulator. 4x4 Transfer Unit: bearings, drive gears, hubs, shafts and the transfer case.

DRIVE AXLE COMPONENTS: All internal drive axle parts including, but not limited to: axle bearings, axle shafts, carrier bearings, drive axle housing, drive wheel bearings, final drive housing, non serviceable bearings, pinion bearings, pinion gear and the ring gear. External Drive Axle Parts: constant velocity joints, drive shaft, drive shaft retainer, drive shaft support, drive wheel hubs, half shafts and the universal joints.

ELECTRONIC HI-TECH COMPONENTS: camshaft position sensor, coolant temperature sensor, crank position sensor, electronic anti-detonation controller, electronic anti-detonation sensors, electronic driver information display, electronic driver information display module, engine electronic control module, engine electronic timing control module, fuel injection control module, intake air temperature sensor, head temperature sensor, knock sensor, manifold absolute pressure sensor, mass air flow sensor, phase sensor, throttle position sensor, vane air flow sensor and the vehicle speed sensors.

AIR CONDITIONING/VENTILATION COMPONENTS (Dash): 12 volt vacuum pump, air duct outlets, air ducts, accumulator, blower motor, blower motor fan, compressor, compressor clutch, clutch coil, compressor switch, condenser, condenser fan motor, evaporator, expansion valve, high/low cut off switches, idler bearings, orifice tube, power module, pressure cycling switch, programmable temperature control, receiver-dryer, Schrader valve and the suction valve.

BRAKE COMPONENTS: backing plates, booster pump, clips, combination valves, disk brake calipers, equalizer valve, fittings, hydraulic control unit, hydroboost, hydrovac, master cylinder, power brake booster, power brake cylinder, rear actuators, retainers, self adjusters, steel hydraulic brake lines, wheel cylinders and the vacuum assist booster. Air Brakes: air brake compressor, auto bleeder valve, air dryer, compensating valve, diaphragm, disc calipers, governor, slack adjusters, tank and the treadle. Anti-lock brakes: anti-lock brake pump, electronic anti-lock brake actuator, electronic anti-lock brake computer and the wheel speed sensors. Parking Brake: cables and the linkage.

ELECTRICAL COMPONENTS: air horn, air horn compressor, alternator, amperage gauge, back up alarm audible device, back up alarm relay, back up alarm switch, battery isolator, brake light switch, clockspring, coach inverter, coach inverter control panel, coils, cruise control engagement switch, cruise control relays, cruise control servo, cruise control transducer, dashboard clock, distributor, dual battery paralleling switch, engine temperature gauge, engine temperature sending unit, front window defroster, front window wiper motor, fuel gauge, hand operated driver control switches, horn, horn switch, ignition switch cylinder, odometer, oil pressure gauge, oil pressure sending unit, power converter, power door lock actuator, power door lock solenoids, power door lock control switch, power mirror controls, power mirror motors, power seat motors, power window motors, power window regulators, power window control switches, radio antenna motor, rear window wiper motor, relays, speedometer, starter drive, starter motor, starter solenoid, tachometer, transmission temperature gauge, transmission temperature sending unit, turn signal switch, voltage regulator, volt gauge and the windshield washer pump.

ENGINE COOLING AND HEATING COMPONENTS: anti-freeze filled radiator, coolant recovery tank, cooling fan, cooling fan clutch, cooling fan controller module, cooling fan motor, dash heater core, electric block heater, heater control valve, heater duct outlets, heater ducts and the thermostat. Auxiliary Heating System: auxiliary blower motor and the auxiliary heater core.

GASOLINE FUEL SYSTEM COMPONENTS: auxiliary tank switch, fuel injectors, fuel pressure regulator, fuel pressure tap, fuel tank, in-tank 12/24 volt fuel pump, metal fittings, metal fuel lines and the sending unit.

STEERING COMPONENTS: bearings, bell crank, center link, control valve, control cylinder, cooler, cooler lines, drag link, hydraulic control unit, idler arm, intermediate shaft, main shaft, pitman arm, power steering cylinder, power steering pump, rack and pinion gear, steering box, steering column, steering damper, tie rod ends and the wheel hubs.

SUSPENSION COMPONENTS: air suspension compressor, air suspension compressor lines, ball joints, coil springs, control arm shafts, king pins, leaf springs, lower control arms, MOR/ryde bushings, relays, ride height sensors/valves, rubber suspension bushings, spindles, spindle supports, stabilizer shaft links, stabilizer shaft bushings, steering knuckles, strut bar, strut bushing (strut cartridges excluded), strut links, strut rods, struts, suspension air bags, torsion bars, upper control arms and the wheel bearings.

TAG AXLE COMPONENTS: axle, axle bearings, axle housing and the axle spindles.

AIR CONDITIONING/HEAT PUMP/VENTILATION COMPONENTS: accumulator, bathroom vent fan motor, blower motor, blower motor fan, blower motor wheel, ceiling vent fan motor, compressor, condenser, ducts, duct work, electronic module, evaporator, expansion valve, heat strips, high/low cut off switches, pressure cycling switch, printed circuit board, receiver-dryer, relays, reversing valve, run capacitors, Schrader valve, start capacitors and the thermostat.

AUXILIARY GENERATOR/POWERPLANT COMPONENTS: Mechanical Engine Parts: camshaft, crankshaft, connecting rod bearings, connecting rods, main bearings, mechanical fuel pump, oil pump, piston pins, piston rings, pistons, radiator, rocker arms, tensioners, timing chain, timing chain gears, water pump, valve springs, valve guides, valve seats and the valves. Cylinder barrels, cylinder head and the engine block are covered if they are damaged due to the failure of a listed part. Electrical parts: alternator, electric fuel pump, gauges, hour meter, inverter controller, manually operated switches, printed circuit board, rotor, starter, starter solenoid, stator, transfer switch and the voltage regulator.

ELECTRIC STEP COMPONENTS: controller, gear, linkage, motor, printed circuit board and the switches.

L.P. AND ELECTRIC FURNACE COMPONENTS: blower motor, blower motor fan, blower motor wheel, burner assembly, ducts, duct work, fittings, igniter, limit switch, main gas valve, printed circuit board, thermocouple and the thermostat.

L.P. AND ELECTRIC WATER HEATER COMPONENTS: burner assembly, control panel, control switches, fittings, gas valve, heating element, igniter, pressure relief valve, printed circuit board, tank, thermocouple and the thermostat.

L.P. SYSTEM COMPONENTS: automatic shut off, detectors, fittings, gauges, L.P. lines, L.P. tanks, pigtails, regulators and the valves.

ON BOARD FUELING STATION COMPONENTS (Toy Haulers): handle, hose,motor, pump, pump gears, switch and the tank.

RANGE/OVEN COMPONENTS: burner assembly, burner valves, fittings, heating element, igniter, microwave convection oven, microwave oven, power hood fan, power hood fan motor, power hood fan switch, printed circuit board, thermocouple and the thermostat.

REFRIGERATOR COMPONENTS: burner assembly, compressor, condenser, cooling unit, evaporator, expansion valve, fan, fittings, heating element, igniter, printed circuit board, thermocouple and the thermostat.

WASTE SYSTEM COMPONENTS: ball valves, fittings, gate valves, holding tanks, knife valves, manual mechanical toilet, PVC piping, slide valves and the water inlet valves.

WATER SYSTEM COMPONENTS: check valves, fittings, gate valves, holding tanks, PVC piping, shower faucet, shower head, sink faucets, traps, water inlet valves and the water pump.

SEALS & GASKETS COMPONENTS (New/Almost New Vehicles Only): seals & gaskets on parts which prevent the loss of fluids or refrigerants.

OPTIONS

SEALS & GASKETS COMPONENTS (Used Vehicles Only): seals & gaskets on parts which prevent the loss of fluids or refrigerants.

AUDIO/VIDEO COMPONENTS: component CD/DVD player, in-dash A.M./F.M. stereo with cassette deck and/or CD player, television (CRT only) and the video cassette recorder/video cassette player.

DELUXE APPLIANCE COMPONENTS: Awning: awning cam lock, awning motor, awning springs and the crank mechanism. Blender, carbon monoxide detector, central vacuum cleaning system, dishwasher, external barbecue, food processor, freezer, ice maker, in-sink disposal, smoke detector, trash compactor, washer and the dryer.

DIESEL FIRED FURNACE COMPONENTS (Aqua Hot/Hurricane): air accumulator, compressor, control box, fan motor, fan motor bearings, fuel pressure regulator, fuel pump, heat exchanger, hour meter, igniter, main control switch, printed circuit board, thermostat and the water pump.

ELECTRIC LIFT BED COMPONENTS: bearings, drive gears, drive shaft, electric/hydraulic motor, lift chains, limit switch, main control switch, printed circuit board and the rams.

JAKE BRAKE/EXHAUST BRAKE COMPONENTS: butterfly plate, control valve, housing, linkage, main control switch, master piston, slave piston, solenoid and the throttle control switch.

LEVELING SYSTEM COMPONENTS (Hydraulic/Electric/Pneumatic): actuators, air leveling compressor, air leveling compressor lines, control box, control switches, cylinders, electric motor, electric switch, electric switch wiring harness, fittings, hydraulic lines, leveling air bags, printed circuit board, pump, reservoir, sensors, solenoid valves and the worm gears.

SLIDE OUT ROOMS/RAISED ROOF EXTENSION COMPONENTS (Hydraulic/Electric): actuators, control box, control switches, cylinders, electric motor, electric switch, electric switch wiring harness, fittings, gear box, hydraulic lines, printed circuit board, pump, rams, rollers, sensors, solenoid valves, tracks and the worm gears. All of the above parts are covered on generator slide outs on new/almost new vehicles only.

ULTRA ELECTRONIC HI-TECH COMPONENTS: Driver Monitor and Rear Camera. Electric Toilet: controller, flush control switch, printed circuit board, pump motor, water solenoid valve and the wiring harness. Electronic Entrance: actuators, printed circuit board, servos, solenoids, touchpad and the transmitter. Compass, Power Seat Computer and the Thermometer.

WEAR AND TEAR COMPONENTS (Engine, Steering, Suspension & Transmission on New/Almost New Vehicles Only): Wear and Tear failure will be deemed to have occurred when a covered part has worn beyond the manufacturer's tolerances allowed for the particular part

WHEEL CHAIR LIFT COMPONENTS: actuator, electric/hydraulic motor, hydraulic pump, locking handrails, manual hand pump, power control switch, pressure release valve, relays and the steel frame.

PLASMA/LCD/PROJECTION TELEVISION COMPONENTS (New/Almost New Vehicles Only, Factory/Dealer Installed Only): plasma/LCD television/monitor (up to 36"W). (Not included in Plan Eagle Plus or Plan: Eagle Guardian, unless this option is purchased)

BENEFITS

SENIOR CITIZEN ADVANTAGE:

- 25% deductible reduction
- 25% meals and lodging increase

MEALS:

\$15.00 per day maximum of four days

LODGING:

\$60.00 per night maximum of four nights

SUBSTITUTE TRANSPORTATION:

\$35.00 per day maximum of ten days

FOOD SPOILAGE:

actual expenses for food and beverage spoilage,
not to exceed \$75.00

TOWING:

reasonable towing charges up to \$200.00

MANUFACTURER'S WARRANTY

DEDUCTIBLE:

reimbursement for up to 50% of your deductible

EMERGENCY ROADSIDE ASSISTANCE:

up to \$25.00 for the following: Lost Key/Lockout,

- Flat Tire Change, Fluid Delivery,
- Battery Charge/Replacement
- and Emergency Tire Allowance

THREE LEVELS

Plan: **Eagle**

Eagle is our most affordable program and allows you to choose basic coverage and add only the options you need. Used Vehicles up to 13 model years old are eligible as well as a term of up to 4 years. Only parts listed in the service contract are covered.

Plan: **EaglePlus**

Eagle Plus includes all coverage and options contained in "Eagle" at a substantial savings. New and late model Used Vehicles up to 6 model years old are eligible. Only parts listed on the service contract are covered.

Plan: **EagleGuardian**

Eagle Guardian is the most comprehensive coverage available for vehicles still under factory warranty. "Eagle Guardian" is exclusionary coverage. Only the excluded parts listed in the service contract are not covered.

COVERAGE

ENGINE
AUTOMATIC TRANSMISSION
DRIVE AXLE
ELECTRONIC HI-TECH
AIR CONDITIONING / VENTILATION (DASH)
BRAKES
ELECTRICAL
ENGINE COOLING AND HEATING
GASOLINE FUEL SYSTEM
STEERING
SUSPENSION
TAG AXLE
AIR CONDITIONING / HEAT PUMP / VENTILATION
AUXILIARY GENERATOR / POWERPLANT
ELECTRIC STEP
L.P. AND ELECTRIC FURNACE
L.P. AND ELECTRIC WATER HEATER
L.P. SYSTEM
ON BOARD FUELING STATION
RANGE / OVEN
REFRIGERATOR
WASTE SYSTEM
WATER SYSTEM
SEALS & GASKETS (NEW/ALMOST NEW VEHICLES)

OPTIONS

SEALS & GASKETS (USED VEHICLES)
AUDIO/VIDEO
DELUXE APPLIANCE
DIESEL FIRED FURNACE
ELECTRIC LIFT BED
JAKE BRAKE / EXHAUST BRAKE
LEVELING SYSTEM
SLIDE OUT ROOMS / RAISED ROOF EXTENSION
ULTRA ELECTRONIC HI-TECH
WEAR AND TEAR
WHEEL CHAIR LIFT
PLASMA / LCD / PROJECTION TELEVISION

WHY

- 100% 60 Day Money Back Guarantee •
- Increased Resale Value •
- Avoid Costly and Inflationary Parts & Labor Charges •
- Repair Cost Paid Immediately by Check or Credit Card •
- Coverage Up To 10 Years on a New Vehicle •
- Coverage Up To 4 Years on a Used Vehicle •
- 24 Hour Toll Free Claims Assistance •
- 24 Hour E-Mail Claims Assistance •
- Cancellable, Transferable and Renewable •
